Our global footprint encompasses four innovation hubs and commercial teams operating on six continents

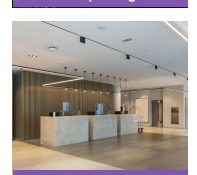

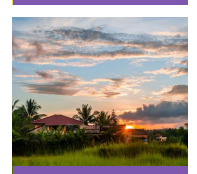

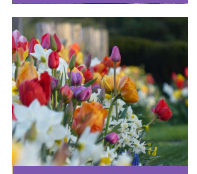

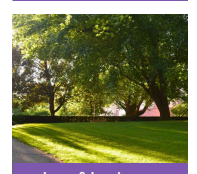

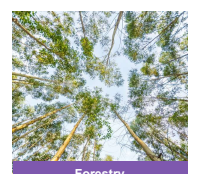

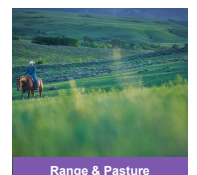

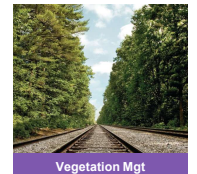

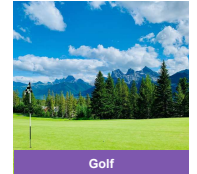

INNOVATION
4 main R&D hubs around the world

EMPLOYEES
+900 FTEs

GLOBAL PRESENCE
Operations and Sales in more than 100 countries

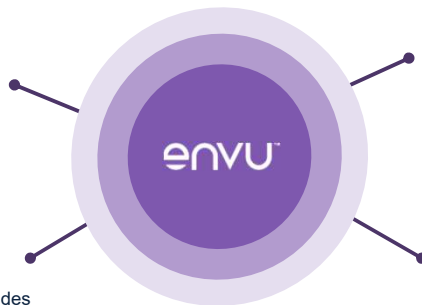

Our Market Segments

We aspire to be your trusted partner distributing biorational solutions in the non-agricultural sector

Trusted Partner:

We work alongside our customers to gain a better understanding and for developing solutions together. Our success is only possible with their success.

Focused Leader:

As a standalone company, we are solely committed to the non-agricultural markets for protection of society and nature.

Biorational Portfolio:

Our biological portfolio is growing. We seek partners to source biopesticides and biostimulants to accelerate our growth in the non-agricultural markets we serve globally.

Environmental Visionary:

We're focused on solving the problems of today without losing sight of our vision for tomorrow.

Our global expert teams accelerate the development of biorational solutions through strategic partnerships

Global Solution Development Team

Accelerating the development and the commercialization of innovative solutions with:

- State-of-art testing capabilities/facilities
- Access to global field-testing resources

Global Formulation Technology Team

Realizing the full potential of active substances through:

- Innovative formulations
- Decades of expertise
- Support from concept to industrialization

Global Regulatory Affairs

Regulatory guidance from ideation through launch:

- Expert function with reps in all regions and key countries
- 2000+ registrations in >100 countries

Partnership, Sourcing & Licensing Teams
